Android App for activating and reading DELTA RetroSign GR1 & GR3 extension pole measurements.

"The Android App for activating and reading DELTA RetroSign GR1 & GR3 extension pole measurements can be purchased in Google Play. The App is convenient when measuring high placed road traffic signs using an extension pole. You will be able to activate measurements and view measurement data using the App.

In Google Play search for "GR1/3 Remote" and pay the requested amount.

If you should have any questions to the App and its use please mail: rs-support@delta.dk
